MARSTON C. HUSSONG

Marston Coin Hussong, 63, office manager in Astoria for Pacific Power and Light company who died in his sleep early Thursday at his home at 1160 Grand avenue, was well known here, in Seaside and in Yakima for his long association with the firm. He was graduated from high school in Franklin and attended college there before coming to Astoria with his parents. His father was principal of the high school here and an uncle was principal of the former Taylor school in West Astoria.

He had since 1929 been employed by Pacific Power and Light company, first in Yakima. From there he went in 1945 to Seaside as office manager. Mogenson was born in Sleepy Eye, Brown county, Minn., October 13, 1886. He came as a boy with his parents to Eugene, where he completed his public school education and then as a young man, worked in and later managed a paint store. It was in Eugene that he was married July 19, 1907 to Anna Christensen. They continued to make their home in Eugene until 1916.

Given January 7, 1960

Howard Karl Zimmerman - Dec. 3, 1889 - Dec. 29, 1959

A Kiwanian from June, 1922 to Dec. 29, 1959 - 37 years 6 mo.

DOUGLAS  
PHONE FA 5

Once more we pause to pay our respects to one of our members who has passed to the great beyond. It was at a recent meeting of the club that the Judge arose to state that he was resigning as Circuit Judge of the 19th District, effective December 31, 1959.

I will not repeat the story of his passing as it has been told in the press. Today we pause to pay tribute to a long and honorable career, to one of our members whose character and integrity have been a living example of the highest type of Kiwanis membership. He served for thirty one years with honor and distinction, a credit to the judicial system of our state and country, dispensing justice in terms of the finest tradition of our judicial system with fairness to all.

One of his favorite projects was to bring the newly made citizens to a club meeting and introduce them to the group. He took great pride in the making of new U.S. citizens.

A favorite hobby of his was raising flowers. Many of us, as his guests, have marvelled at the beautiful creations he has produced. He and Mrs. Zimmerman frequently decorated his church on Sunday with flowers grown by him. A beautiful flower may in a sense be thought of as typifying the handiwork of God through nature - only God can create a living flower. It is just a little touch of the divine.

His three score and ten years marks a period in our country of great material advances. It may be said that the spiritual had difficulty in keeping up with the material - and sometimes men's ideals crumble - but he held his ideals through it all. In his life he was a living example of our first Object "To give primacy to the human and spiritual rather than to the material values of life."

In the span of his years, the radio, the automobile, the airplane, and the X-Ray, T.V. and atomic bomb became realities and part of our life. Also great advances were made in the alleviation of human suffering.

Our friend and member has turned the bend in the road and is hidden from view for awhile. He firmly believed in another life and looked toward it as a great reward. We can only say "Farewell" and in the words of Tennyson say, "God's finger touched him and he slept."

## Death Takes Zimmerman

HOWARD K. ZIMMERMAN

## Retiring Local Circuit Judge Succumbs in Long Beach Hospital

Circuit Judge Howard Karl Zimmerman, who retired last week, died in a Long Beach, Calif., hospital Tuesday night.

Judge Zimmerman, who was 70, and Mrs. Zimmerman were visiting his sister, Mrs. William Spangler, Long Beach. The judge was taken to the hospital after he reportedly complained of chest pains.

He was born December 3, 1889, in Norcatur, Kans. His family moved to Salem in 1904 and the judge graduated from high school there.

Judge Zimmerman attended the University of Oregon, graduating with a B.A. degree in 1913. He received a Doctor of Jurisprudence degree from Stanford university in 1916.

After getting his law degree, Judge Zimmerman came to Astoria where he practiced law until 1929. He was city attorney in Astoria from 1923-1929.

He was first elected circuit judge for the 19th judicial district in 1928 when he defeated incumbent Judge J. A. Eakin in what was considered the biggest upset of that election year.

Judge Zimmerman was then re-elected five times, the last in 1958. He announced his retirement, which was to be effective January 1, on his 70th birthday.

December 25, 1917 he married Anna Laura Benton, who died in 1928. March 9, 1929 he married Sarah Ernestine Keen who died in 1936.

He and his present wife, Ellen, had made their home in Gearhart.

Judge Zimmerman was president of the YMCA from 1925-1930; a past president of Kiwanis, and was active in Red Cross, Odd Fellows and Masons. He was a member of the First Presbyterian church, Astoria.

He is survived by his widow; two sons, Howard Karl and Robert Paul, and a daughter, Mrs. Laura Turner, Manning, Alta, Canada; a

sister, Mrs. William Spangler, Long Beach, Calif., and a brother, Dr. Neil L. Zimmerman, Portland.

Funeral arrangements have not yet been announced.

LAST WEEK: Martin Blackwelder, Program Chmn., introduced his guest speaker, FRANK SURMAN, MIGHT, Publ. Relations Counsellor of Miami Com-mwealth Bldg. Frank opened his talk in his congenial manner in his reference to number of his friends in our Club. He told of his meeting with National War College in Washington, "National Strategy Seminar" and his exploratory trip to Russia and European Countries. In view of his experiences he said he was alarmed at the lack of interest of our citizens in what is going on around us. He warned that we must awaken it, I- we insure our own survival, and 2- we are to remain an example of freedom to the rest of the world. He agreed with Adm. Rickover's recent "Meet the Press" interview on TV, that we are in a "life and death struggle with Russian and Chinese Red Communism." He emphasized the importance of our "MAN'S ASSIGNMENT" ahead to maintain our demo-cratic way of life as opposed to Communism. He cited the phrase "MIA-NAGE'S OF CONFLICT" as the weapon of Communism that is evidenced in every locale that they expect to overtake. His talk was very thought provoking as evidenced by the many questions asked during last five minutes and after the meeting. He hope to have him back again to

Astoria, Nov. 30, 1959

My Dear Friend:

When I learned from the Bulletin dated 1959 that the Board  
just me in the inactive list, I could not help but feel that  
this action was intended to let me know that I was not wanted.

This my reasoning: Inasmuch as above action could have been  
taken on the basis of my attendance in 1958 only, I know that  
this attendance could not have caused such a drastic action.  
I then tried to find the true cause of the action  
by questioning fellowing members: Christensen, Hake, Hume - with  
the result that all of them declared to be completely baffled.

One wife of a prominent member went so far as to ask me -  
although I didn't engage her in a discussion concerning my  
relation to the club - why I didn't quit the Kiwanis?

These were the reasons - and I explained them to you  
about two months ago why I ceased to attend the weekly luncheons.

Though my conception and ideal of the club differ  
slightly from the committee's, I am a man  
with a lot on the side - which is to say the  
club is not in line with my ideal of a club, or separat  
club, and I am not a member of the club, but for the  
sake of the community wherever he may be.

Sincerely,  
(Signature)

CLIFFORD POOLE

Clifford Poole was elected chairman of the USO operating committee for 1960 Monday. He succeeds Mrs. Mary Steinbock and will be installed, with other new officers, at the committee's January meeting.

The committee named Beryl C. Swails as vice-chairman and W. C. Hoare as secretary.

The committee elected three new members for three-year terms—William Cunningham, Harry Swanson Jr. and Robert J. Hanson. They succeed Wesley Shaner Jr., Richard Hall and Eugene Lowe, who have retired.

Members re-elected for three-year terms are Mrs. Steinbock, Hoare, Edward Paldanius and Evert McNeely.

The Rev. Rex Lawson was named the Astoria Ministerial association's delegate to the committee for one year, to succeed the Rev. Jack Walden.

Harvey Taylor, USO director, told the committee that reduction of operating hours of the USO might be needed next year due to shrunken revenue. He said he will consult members of the finance committee after the Christmas holidays.

# Prominent Druggist Succumbs

GUSTAV HELLBERG

Gustav Adolph Hellberg, 74, prominent West Astoria druggist and former state legislator, died Tuesday at 11:22 a.m. in a local hospital. He suffered a severe heart attack last Saturday, just a short time before he was to have taken his wife home from the hospital where she was a patient. Although he had not been in good health for some time, he had continued to operate his store, the Hellberg Drug Store.

Hellberg was born June 23, 1885 in Over Tornio, Sweden, the son of Carl and Katherine Hellberg. It was there that he attended public and confirmation schools. In 1901, he came to Calumet, Mich., and worked in copper mines in Painsdale, Mich., until 1907.

Hellberg then entered the Valparaiso university at Valparaiso, Ind., and was graduated from the school of pharmacy in 1911. He then worked in drug stores in Chicago, Calumet and Duluth, Minn., until 1913, when he came to Astoria.

Worked at Drug Store  
Hellberg first worked here at the former Central Drug store until 1916 when he bought a store on West Bond street from the late John Gutzen. He operated this store for four years and then built the present store and apartment building on the corner of West Bond and Columbia streets. It was at that time that Frank Berg joined him in partnership in the business.

In 1922, Hellberg, Berg and the late Peter Paulsen formed a corporation and bought the Owl Drug store, 12th and Commercial streets, operating both stores. The downtown store was destroyed in the disastrous Astoria fire just two months later in December, 1922. The business was re-established in the same location. The corporation was dissolved in 1933 when Hellberg resumed ownership and operation of the Hellberg Drug store.

Hellberg was elected as a representative to the state legislature in 1931 for a two-year term and had formerly for 21 years been on the Astoria school board. A son, Fred, who had also been a state repre-

sentative, died in 1949.

## Active in Organizations

Active in civic and social work, Hellberg was a member of Zion Lutheran church and during the building of the present church structure, was chairman of the finance committee. He was also a member of the Astoria Chamber of Commerce, Masonic lodge, Knight Templars, Elks lodge, Order of Vasa, Finnish Brotherhood, Knights of Kaleva and the Astoria Kiwanis club.

Surviving are his widow, the former Amanda Aspegren, to whom he was married in Houghton county, Mich., October 6, 1910 and who resides at the family home at 96 West Commercial street; two daughters, Mrs. Dane (Katherine) Knickerbocker, Rolling Hills, Calif., and Mrs. Edward (Lila) Nimmo, Seaside; a sister, Mrs. Emma Ames, Pasadena, Calif., and 10 grandchildren. Also surviving are a nephew and two nieces, Carl Hellberg, Miss Edith Hellberg and Mrs. Roy (Esther) Carlson, all of Astoria, whom Mr. and Mrs. Hellberg reared since the death in 1920 of the children's father who was Hellberg's brother. Another nephew, Edward Helberg, was drowned here in 1943. Details of services which will be at 1:30 p.m. Thursday at Zion Lutheran church, are being announced by the Hughes-Ransom mortuary.

# Death Takes Former Gov. A. Norblad

Former Governor Albin W. Norblad, 79, a prominent Astoria attorney and civic leader for 50 years, died at his home here Sunday night.

Funeral services will be held at 11 a.m. Wednesday at the First Presbyterian church.

Norblad's son, Oregon Congressman Walter Norblad, is expected to arrive in Astoria from Washington Tuesday morning.

Norblad had been ill for some time and had been placed on a restricted schedule by his doctor. However, he still made nearly daily visits to his law office.

Norblad came to Astoria 50 years ago from Grand Rapids, Mich., where he had been city attorney.

Active in the chamber of commerce from the time of his arrival in 1909, Norblad served Astoria as city attorney, port attorney, and was a member of the school board for 20 years. He was also a director of the bank of Astoria.

## Born in Sweden

Born in Malmo, Sweden, in 1881, Norblad was brought to the United States as a child by his parents who settled in Grand Rapids, where his father earned a skimpy livelihood as a brick mason.

Truly a self-made man, Norblad was self-supporting at the age of 12. He went to Chicago where he sold newspapers, peddled hot dogs and played the clarinet in a circus.

Young Albin returned to Grand Rapids and went on the road selling school and church seats for a furniture company.

After years working as a reporter for the Chicago American to put himself through Chicago law school, he graduated and passed the Michigan bar exam in 1902.

He married Edna Gates in 1906 at Escanaba, Mich.

The governor's state-wide career began in 1918 when he was first elected to the Oregon senate. He served in five regular and two special sessions of the legislature and was elected president of the senate in the 1929 session.

December 21, 1929, Governor Isaac L. Peterson died and the next day in Portland, Albin W. Norblad was sworn in as governor of Oregon.

Taking over as chief executive of the state at the start of the depression, Norblad acted to relieve the job famine by organizing the state labor commission which evolved into the present State Unemployment commission.

## Called Senator Fish

As a senator, Norblad earned the nickname, Senator Fish, for his work in promoting Oregon fisheries.

He helped land a two million dollar federal appropriation to build the north jetty at the mouth of the Columbia, and was instrumental in gaining improvements in the Oregon Coast Highway (US 101). For his work in behalf of coast highway improvement, Norblad was named first president of the Oregon Coast association, organized in the 1930's.

Norblad was attorney for Union Fishermen's Coop Packing company for 50 years, from 1909 until last year.

ALBIN NORBLAD

At the time of his death, he was the senior partner in the Astoria law firm of Norblad, Wyatt, MacDonald and Dean.

Norblad was a member of the First Presbyterian church, a past exalted ruler of the Elks, a member of the Masonic lodge and the Shriners, a member of the Sons of Norway, the Scandinavian Brotherhood and Kiwanis.

He is survived by his widow, one son, Rep. Norblad, and one daughter, Mrs. Ward Sorrels, Portland. Remembrances may be in the form of flowers or contributions to the Heart Fund or to the Presbyterian church national memorial fund.

SALEM (UPI) — Gov. Mark Mattfeld said today that former Gov. A. W. Norblad "served his state with distinction both as a legislator and as governor. His hosts of friends will mourn his passing. I extend the sympathies of the citizens of Oregon to his family."

PORTLAND (UPI) — Ex-Gov. Robert D. Holmes today called the death of Albin W. Norblad, former Republican governor, "a loss to the people of the Astoria community and the entire state."

Holmes, who lived in Astoria more than 20 years, said Norblad "was a wonderful man."

# Death Takes Prominent City Jeweler

WESLEY SHANER SR.

Death came at 3 p.m. Tuesday in a local hospital to Wesley Shaner Sr., prominent Astoria jeweler. He was 72. Shaner had not been in good health for some time and became critically ill two months ago.

Shaner had been co-owner with his brother, the late John H. (Jack) Shaner of Shaners' Jewelry store since World War I until their retirement from the business in 1957 when it was purchased by Wesley S. Shaner Jr.

Born February 5, 1888 in New London, Iowa, he was educated and grew to manhood there. He learned the jewelry and watchmaking trade in the Middle West and as a young man worked for a while in Burlington, Iowa.

In 1914, Shaner came to Astoria where he was employed in a jewelry store. He served in the Army during World War I and after being discharged from the service, went into partnership with his brother. The firm was twice destroyed by fire, first in the Astoria fire of 1922 and then in 1957 when the Burke building at 11th and Commercial streets burned. Jack Shaner died here in February, 1959.

Active in civic and social work, Shaner was a member of the Astoria Kiwanis club, chamber of commerce, Temple lodge AF&AM, Elks lodge and Clatsop post, American Legion.

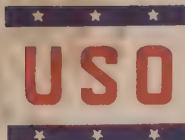

Shaner was married in Astoria February 5, 1921 to Edith J. Smith, who survives him. She resides at the family home at 957 Sixteenth street. Also surviving are two sons, Wesley S. Shaner, Astoria, and David G. Shaner, Kennewick, Wash.; a sister, Mrs. Oscar (Alma) Eckey, Winfield, Iowa, and three grandchildren.

Details of services which will be Thursday at 1:30 p.m., are being announced by the Hughes-Ransom mortuary.

Dear President Joe:

I wish to take this opportunity to thank you and the club for your kind consideration in sending down to the USO last Saturday night a generous supply of fried chicken.

You will be interested to know that the chicken was received at the opportune time as it was badly needed to serve at our regular buffet supper Sunday night.

It is acts of this kind by organizations like the Kiwanis club that help the staff and volunteers do a better job of serving the needs of service personnel, who are on duty here in our community.

Truly it helps make our USO here in Astoria a "Home Away From Home" for the men of the services.

Dear Mr. Wankle,

I would like to thank you very much for the scholarship which you gave me to go to Cornell this year. It has given me a chance to make new friends and become better acquainted with the area I already had.

Some of the classes that I have had include Folk Dancing, Electric Power and Common Sense, and It Turn to be a Model. One of them that I liked the best was Living from the Mountains.

Thank you again for sponsoring me.

Dear Mr. Hall:

Thank you for your letter letting us know that your club is again willing to take over the Kiddies Parade.

If your group feels that the best time for this event is 6:30, then that will be alright with us. We had suggested the earlier time in order to allow more time between that parade and the 8:00 event for Friday, however, after further discussion, the Association Directors feel that there should be no conflict between the two.

Thank you for your cooperation.

Sincerely yours,

Joe Nerenberg, President  
Kiwanis Club  
Astoria, Oregon

Dear Mr. Nerenberg:

The Board of Directors of the Astoria Regatta Association are planning a tremendous celebration for the 40th Annual Regatta Fish Festival in 1960.

There is a Royal Court of five Princesses from the five high schools in the County--one of which will be crowned QUEEN ON Thursday night, August 25th. Friday will bring the Admiral's Luncheon at Tongue Point, the Kiddies Parade under your sponsorship, at 6:30 followed by the "Interrations" Smorgasette at the 4-H Fair Grounds. On Saturday, marine events will be featured--yet to be announced in their entirety--a Grand Land Parade at 4:00 PM and a Band Show in the evening. Sunday will find the gilnet races on the Columbia River--and we have a promise of local sail-boat races, local water skiers, and local log-rolling. To top this fine show will be the Salmon Bar-B-Que Sunday at the 4-H Fair Grounds. ALL OF THESE EVENTS COST MON·Y!

We are asking your club to be a sponsor of this community-wide event. If your members have any questions regarding our budget, one of our directors would be glad to meet with your financial committee to discuss the matter. We hope that your name will be on the program as one of the REGATTA BOOSTERS!

Sincerely,

### A SONG OF ROSES

Odor of angel breath filtering through,  
Fresh from the garden and bright with the dew.  
Roses, beautiful roses;  
Grounded and bedded and harmonized by  
The green of the earth and the blue of the sky.  
Eden of radiant roses!

### REFRAIN

Roses! Roses! Beautiful roses!  
Queen of the flowers, her beauty discloses;  
Safe in her power the scepter reposes,  
God-given mission of roses!  
Grouped in profusion, or row upon row,  
Clustered and white, like a mountain of snow.  
Roses, beautiful roses;  
Orange and pink, and the red of the sky  
When day is departing and twilight is nigh,  
Glorious sunset of roses!

The Bonneville power study committee, organized in the spring of 1934 to seek information on the most advantageous use of Bonneville power in Clatsop county, Wednesday night announced its work of informing the public on the important matter was done.

Clifford Baylow of Warrenton, president of the investigating body, reviewed the accomplishments of the committee in bringing to public attention the full and comprehensive reports of the various agencies interested in the subject. These included the Bonneville administration, Oregon hydroelectric commission, the Oregon public utility commission's staff, and the Pacific Power & Light company. Baylow observed that while differences of opinion prevailed as to the most desirable application of federal power here, every member of the committee was deserving of commendation for bringing out a great amount of valuable information to the public.

### Permanent Adjournment Ok'd

A motion to adjourn permanently was adopted after the committee had heard a review of a report made by the Oregon hydroelectric commission on the feasibility of generating a PUD in Clatsop county. The review was made by Morton Tompkins of the Bonneville staff and L. A. Pierre, member of the study group. It was read by Tompkins and the committee ex-

"Calling car No. 21 Officer Hansen! Calling car No. 21 Officer Hansen! Go to Holberg drug corner! Man there standing with bronze doughboy about pass word! Investigate! May be something he ate! That is all!"

And so it might go far into the night with Astoria's brand new three-way police radio system. Actually, it doesn't, of course. It's a serious business Chief John Acton and his boys conduct in protecting the citizens of Astoria and their property and the new radio transmission system is no plaything. It's the last word in equipment of its kind. Until its installation in December, Astoria was the only major town in the state of Oregon without at least a one-way police radio system. In the very short time the system has been in operation, it has proved its worth—once at a fire and another time at the scene of an attempted house breaking.

WASHINGTON, (UP)— President Roosevelt has signed the bill authorizing expenditure of \$300,000,000 for installing modern anti-aircraft defenses on warships, the White House announced today.

Mr. Roosevelt signed the measure last night. It was the first act of the 77th congress to become law.

Before work can start on the program, which navy officials said would require from two to three years to complete, congress must approve an appropriation measure.

Speed is of the essence in handling such situations.

The story of the new police radio system goes like this. In January, 1939, a proposal to sponsor a campaign to raise the funds to purchase such a system came before the board of directors of the Astoria Kiwanis club. The idea was advanced by Curtis J. Hoare, of the club's public affairs committee, after consultation with Police Chief Acton. Sponsorship of the project was voted and two years later on January 9, formal presentation of the new \$2000 system was made by the Kiwanis club to the city of Astoria.

Permanent Adjournment

A motion to adjourn permanently

had heard a review of a report  
made by the Oregon hydroelectric  
commission on the feasibility of  
establishing a PUD in Clatsop  
county. This review was made by  
Morton Tompkins of the Bonneville  
staff and L. A. Pierre, member of  
the study group. It was read by  
Pierre, and the committee ex-  
pressed its relation to the au-  
thors for their work.

Following the adjournment of the  
Bonneville study committee hear-  
ing, an informal gathering of mem-  
bers and supporters of the PUD  
study committee was held in  
which it was decided to call a gen-  
eral meeting in the Labor temple  
on Friday night at 8. Pierre spoke  
in favor of the organizing of a  
broadly representative advisory com-  
mittee to direct the future activi-  
ties of the sponsors group. He said  
that public mass meetings should  
be called in municipalities and  
other districts of the county to  
gather opinion with regard to  
the formation of a PUD and that  
the study committee should act  
in accordance with the dictates of  
the public opinion expressed at such

Pierre Cites Figures

Pierre cited figures on power  
costs, asserting that the  
costs were those al-  
lowed by the Bonneville  
company some time. He  
claimed that the latest announced  
costs were largely for small  
plants and that it was prac-  
tically impossible to get power  
at in view of the fact  
that the Bonneville company  
had been reserved for the  
future. He said that the  
costs would be no  
different from Bonneville. Pierre  
also observed that use of Bonneville  
power would not necessitate a re-  
duction in rates and that disposal  
of power to the private utility was  
unattractive. He urged  
that the Bonneville company be  
viewed of his claim that  
the Bonneville company was  
now for acquisition of the en-  
tire Bonneville power  
plant and that public power  
should be formed.

## Sherman Act Prosecutions Due

SAN FRANCISCO, (UP)—Federal  
prosecution of a long list of western  
firms, unions and individuals ac-  
cused of violating the Sherman  
anti-trust law will begin late in  
March and continue through the  
summer, Charles Pearce, special as-  
sistant to Attorney General Har-

## TYEE HULL S Storm-Battered C

Art Zimmerman, Astoria diver,  
who has been conducting salvage  
operations on the wrecked ocean-  
going tug Tyee, recently succeeded  
in hauling the hull out of the surf  
near Harvick at the mouth of Tillamook Bay.

The Tyee, owned by the Hubbell  
Transportation company of Hous-  
ton, Wash., was wrecked early last  
December when trying to clear the  
Tillamook bar. Two men were car-  
ried to their deaths when big seas  
broke over the tug, sweeping away  
the superstructure and overturning  
the hull.

Zimmerman, working with a  
man crew, constructed a sandbar  
dike in the surf around the Tyee to  
keep out the seas, and with three  
big pumps working 72 hours  
straight pumped the hull empty of  
sand. A line was fastened around  
the hull and stretched up the beach  
to a derrick. With each high tide  
the hull was moved about 15 to 20

feet toward the shore.

The story of the new police radio  
system goes like this. In January,  
1939, a proposal to sponsor a cam-  
paign to have the funds to in-  
stall such a system came before  
the board of directors of the Astoria  
Kiwanis club. The idea was ad-  
vanced by Curtis J. Hoare, of the  
club's public affairs committee.  
After consultation with Police Chief  
Acton, Sponsorship of the project  
was voted and two years later on  
January 9, formal presentation of  
the new \$2000 system was made by  
the Kiwanis club to the city of  
Astoria.

### Hoare Heads Funds Group

The campaign of fund raising  
began during the Kiwanis presi-  
dency of Michael R. Jenkins. Other  
officers and directors were Louis  
Kildall, Howard Reed, Harry  
Cherry, Clarence Short, Henry Nop-  
son, Forrest Ginn, Ben Burns,  
Ralph Peters, Guy Spicer, Earl  
Hall, Don Mitchell and Dick  
Hacker. The public affairs com-  
mittee, which carried the campaign on  
actively included Curt Hoare, Mar-  
rice Wilson, Dr. M. H. Smith,  
George Garrett, Dick Aho, Ted  
Andrich and Chet Helffer. For a  
year these men conferred with City  
Manager James Conwill and Police  
Chief Acton about the proposed  
system, while \$1000 and more was  
raised by various undertakings of  
an amusement and entertainment  
nature.

Police radio builders and contrac-  
tors were contacted and finally the

decision made for three-way trans-  
mission equipment. The system  
makes possible car-to-car, station-  
to-car, and car-to-station communi-  
cation. The plant is entirely housed  
at the police station, reducing  
maintenance and operation costs  
very materially over some other  
systems.

### Drive Ends In 1940

During the 1940 Kiwanis presi-  
dency of Louis J. Kildall with Curt  
Hoare still chairman of the public  
affairs committee, the program of  
financing the radio plant was com-  
pleted and the system installed in  
December.

The formal presentation cere-  
monies came at the regular meet-  
ing of the Kiwanis club on January 9.  
According to the city were Mayor  
William C. Logan and Police Chief  
John Acton. Doing the honors for  
the service clubbers were Im-  
mediate Kiwanis Past President Kil-  
dall, Public Affairs Committee  
Chairman Hoare and its members  
George Hauer, George G. Green,  
Hart Green and Dr. M. H. Smith.

The program for November 11, 1939, will be presented by the National Federation of Music Clubs. The program is a series of four plays, "The Green of the Mountains," "The Green of the Mountains," "The Green of the Mountains," and "The Green of the Mountains." The plays are presented at the Astoria High School.

### LAST WEEK

An Armistice Day Program with Kiwanian Brewer Billie, Commander of Clatsop Post No. 12, in charge. In a very interesting talk Brewer told of the aims and objectives of the Legion, with something of what it has accomplished. Short talks were also made by Reed Endicott, First Vice-Commander, Ben Burns, Second Vice-Commander, Adjutant Oswald Gustafson, and Kiwanian Leo Gorman on the work of the 40 and 8. An interesting part of the program was that in which each ex-service man was called upon to state where he was 17 years ago on Armistice Day. The meeting closed with a stirring address by Capt. P. M. Blenkinsop.

### NOTE AND COMMENT

Club visitations: Capt. Pierson and Les Spofford visited with the Seaside Club, the 5th.

J. W. Yetton was a guest of Frank Porter, and T. W. Badley was a guest of Dan Hall. Mr. Badley is the new General Secretary of the Y. M. C. A.

Capt. P. M. Blenkinsop sang a couple of beautiful solos.

"I like to drive," she said "but I never could change a tire. Why, you know, they have 55 pounds of air in them besides the weight of the tire."

### ATTENDANCE CONTEST

This week is the tenth in our Attendance Contest. Let every member be on the job. Before the absences of last week are made up, the record stands as follows:

### TOO EMBARRASSED

"Every room with a bath," as the prospectus of the hotel in Vancouver, B. C., read, was something that Harry Hiatt was not onto.

"Did you have a good night's rest?" we asked him the first morning we were there.

"No," replied Harry. "I didn't. The room was all right and the bed was pretty good but I couldn't sleep very much, for I was afraid someone would want to use the bath and the only door to it was through my room."

### THAT'S PUTTING 'EM OVER

OLD LADY (to small boy): "My dear, does your mother know you smoke?"

### ACCORDING TO CUSTOM

Two Irishmen had just laid a wreath of flowers on a comrade's grave, and just a short distance away saw a Jap lay some rice on the grave of a countryman.

"When do you expect your friend to eat the rice?" asked one.

"When your friend comes to smell the flowers," was the quick reply.

Cruising down the river on a Sunday afternoon  
With one you love, the sun above waiting for the moon.  
The old accordion playing—a sentimental tune  
Cruising down the river on a Sunday afternoon.

Where the deer and the antelope play,  
Where seldom is heard a discouraging word  
And the skies are not cloudy all day.

Where the deer and the antelope play,

Flows leisurely down the stream,  
Where the graceful white swan, goes gliding along  
Like a maid in a heavenly dream.

### PORT GEORGE

It is the summer of 1811 and the men of the Tonquin are swinging their axes, clearing a space in the forest, some 18 miles inland from the Pacific ocean on the shores of the great river of the West, for the establishment of John Jacob Astor's fur trading post. In amazement the Red men watch this first logging operation of the Northwest and well may they watch for they are witnessing the beginning of an epoch and the establishment of an empire destined to play a large part in the affairs of history. Part of the story has been written in 1836.

But in 1811 the story was all in the making. For a year or more the newly established fur post prospered. A stout stockade protected the men of the post from surprise attacks of the original residents and over the rude fortification the Stars and Stripes waved. Then another ship arrived in the river. It was a British war ship and with its arrival came one of those still unexplained incidents of the War of 1812, a conflict during its course and to its final conclusion that was marked by amazing incidents in which both Americans and Britishers figured.

Down came the Stars and Stripes before a shot had been fired and Astor's fur post became Fort George. With the conclusion of the war, the British continued to hold the fort although the United States never relinquished its claims. A considerable village grew up about the stockade as years went on and then came the treaty with Great Britain that restored the trading post to the United States. Then came substantial growth, the community passing from the trading post stage to that of the city known as Astoria.

The original stockade disappeared and even its location was lost sight of for years, in fact, until recently, when excavation work for the new St. Mary's hospital disclosed the charred remnants of the old log fortification. Through the efforts of the late Judge John A. Buchanan, the historical lines and plans of the old fort were established and the actual extent of the walls ascertained. The surveying work was accomplished by Kiwanian George McClean, city engineer, under whose direction the white markings of the site of old Fort George has been completed. An accompanying legend will be provided soon and the plaque placed in a suitable position.

The marking of the site of Fort George was a Kiwanian project in its inception and carried to completion by Kiwanians in cooperation with the City of Astoria authorities and other civic agencies.

# FORT GEORGE

It is the summer of 1811 and the men of the Tonquin are swinging their axes, clearing a space in the forest, some 18 miles inland from the Pacific ocean on the shores of the great river of the West, for the establishment of John Jacob Astor's fur trading post. In amazement the Red men watch this first logging operation of the Northwest and well may they watch for they are witnessing the beginning of an epoch and the establishment of an empire destined to play a large part in the affairs of history. Part of the story has been written in 1936.

But in 1811 the story was all in the making. For a year or more the newly established fur post prospered. A stout stockade protected the men of the post from surprise attacks of the original residents and over the rude fortification the Stars and Stripes waved. Then another ship arrived in the river. It was a British war ship and with its arrival came one of those still unexplained incidents of the War of 1812, a conflict during its course and to its final conclusion that was marked by amazing incidents in which both Americans and Britishers figured.

Down came the Stars and Stripes before a shot had been fired and Astor's fur post became Fort George. With the conclusion of the war, the British continued to hold the fort although the United States never relinquished its claims. A considerable village grew up about the stockade as years went on and then came the treaty with Great Britain that restored the trading post to the United States. Then came substantial growth, the community passing from the trading post stage to that of the city known as Astoria.

The original stockade disappeared and even its location was lost sight of for years. In fact, until recently, when excavation work for the new St. Mary's hospital disclosed the charred remnants of the old log fortification. Through the efforts of the late Judge John A. Buchanan, the historical lines and plans of the old fort were established and the actual extent of the walls ascertained. The surveying work was accomplished by Kiwanian George McClean, city engineer, under whose direction the white markings of the site of old Fort George has been completed. An accompanying legend will be provided soon and the plaque placed in a suitable position.

The marking of the site of Fort George was a Kiwanis project in its inception and carried to completion by Kiwanians in cooperation with the City of Astoria authorities and other civic agencies.

c/o KVAS  
Astoria, Oregon

Dear Mr. Farmer:

The Christmas program this year was one of the largest which the community has ever offered.

Some fifty-eight family baskets were delivered, with personal remembrances for some one hundred ninety-nine children. In addition to this, single, elderly and handicapped people numbering some forty-four were remembered with gifts of food through the Elks Lodge.

We wish to thank your organization for your contribution and interest in the program. We are continuing to have appreciation from the people who received these baskets. We know, as in the past, that letters and telephone calls will continue for some time as people take the opportunity to express their gratitude.

May I extend to you and your organization a wish for a Happy New Year.

Sincerely,

## Governor — Pacific Northwest District — 1961

The Kiwanis Club of Victoria, B.C., is mighty proud to announce its unanimous backing of EDWARD MALLEK as District Governor of the Pacific Northwest for 1961. Ed Mallek, age 50, has his own business in Victoria—ladies' ready-to-wear and men's wear—one of the largest and most successful of its type in Victoria. He is keenly interested in any worthwhile community project and translates this interest into real action by rolling up his sleeves and doing a real job. Ed was President for 5 years of the Emanuel Synagogue, oldest in Canada. He is a real leader of men.

Since joining the Victoria Kiwanis Club in 1954, Ed Mallek has been an outstanding example of a real Kiwanian in action, here is the record:

In 1956 Ed Mallek was the prime mover in sponsoring the formation of Kiwanis Junior Safety Patrols, which now keeps over 1,400 boys and girls on duty every school day at school crosswalks.

In 1952 Ed was elected President of Kiwanis Club of Victoria. In that year he was also elected President of Kiwanis Village Society and presided over the Society until 1957. Ed was the driving force behind the founding of the Society, which now has an investment in land and buildings of over \$400,000.00 with work going ahead on 38 more units and a Villa for 100 elderly persons. In recognition of Ed's leadership in this project he was elected **Honorary President for life** in 1958.

In 1959 Ed Mallek was elected Lieutenant-Governor of Division One, discharging his duties and responsibilities to the entire satisfaction of all the clubs in the Division.

In 1960 Ed was appointed District Chairman—New Club Building. Also in 1960 he was appointed a member of International Committee on Public and Business Affairs for Canada.

Just two months ago, Ed was accorded the very high honour of being appointed an "ACCREDITED REPRESENTATIVE of INTERNATIONAL."

Actively associated with Ed in Kiwanis is his very charming wife Frances, who has given him every encouragement in all his endeavours in advancing the cause of Kiwanis. Ed and Fran make an excellent team, have two lovely daughters, plus three grandchildren—this being one of their proudest achievements.

From the foregoing it must be evident to all that Ed Mallek has an outstanding record in Kiwanis service; his achievements are well known throughout the District, thus making him well qualified to give our Pacific Northwest District constructive leadership in 1961. Therefore, we, of the Kiwanis Club of Victoria, invite you to give your wholehearted support to our nomination of EDWARD MALLEK for Governor in 1961, at the District Convention in Vancouver, B.C., September 25th, 26th, and 27th.

Yours sincerely,

C. H. BOOTH,  
President Kiwanis Club of Victoria, B.C.

CONCLUDING SERVICES

Dear Clarence & Gorg. —  
Our boat has been delayed  
from Dec 20<sup>th</sup> to Jan 5<sup>th</sup> so we  
are waiting it out on the island.  
It is a beautiful spot but a  
change comes. Instead of snow  
on the ground & cold wind down  
the gorge we have golden coral  
sand, waving palms, a riot  
of hibiscus & the heavy fragrance  
of frangipani. But the place  
has filled to overflowing for the  
holidays we had to give up our  
apartment. The management turned  
us to the island houses which  
will sleep 11. It is the "Shangri-la"  
the new-a-boat of Douglas McBride  
in the Pacific campaign. So we are  
using the facilities which the Great  
Anas, Lach, Thora and Arch Nicolson  
proposed  
Tom and Bett Evetts  
of many a beautiful matter.

## THE PRESIDENT'S MESSAGE

We close the record for 1959, marking 32 years of service to handicapped people, with a feeling of satisfaction for substantial accomplishments. A detailed account of these is set forth in this report . . . a report to the people who support this institution with gifts of materials and money.

You will be pleased to know 1959 was our greatest year in every respect. But particularly in point of giving employment to men and women who, because of an unfortunate handicap, could not obtain work. Through its industrial and commercial training program, Goodwill provided a stepping stone to better jobs and happier lives for many of these people.

We shall strive to continue this forward progress during the new year and the new decade—the Sixties. Let us take inspiration from the words of the late Edgar J. Helms, founder of Goodwill Industries: "Remain dissatisfied until every handicapped person who wants to help themselves is served."

## Kiwanis Clubs To Help Refugees From Castro

By DREW PEARSON

WASHINGTON — Down in High Point, N.C., a doctor read in the papers that approximately 75,000 Cuban who had fled to Florida from Fidel Castro's tyranny were having a hard time, and he decided to do something about it. So the doctor, N. M. Harrison, approached his fellow members of the High Point Kiwanis club, and very shortly they moved into high gear.

As a result, a "friendship caravan" of food and clothing is being organized in six southeastern states to help the battlers for democracy who have fled from Cuba.

Though spearheaded first by the High Point Kiwanis club, the idea quickly spread to other Kiwanis clubs and other service groups throughout the Southern states. John Barnhill of Fayetteville, governor of Carolinas District of Kiwanis, enthusiastically endorsed the idea, and following this, the national office of Kiwanis in Chicago passed the idea on to 500 Kiwanis clubs in the Southeastern states.

MANY OF THE Cuban refugees, as the club has pointed out in the past, are businessmen, and all of them have fled Cuba because of the suppression of democratic freedoms. Some of them are working as bellhops, waiters, busboys. Some have not been able to get jobs at all.

But, thanks to the High Point doctor who decided that merely reading the newspaper was not enough, a friendship caravan of trucks will leave High Point on April 19, stopping at other cities along the way to pick up more trucks until a gesture of friendship from the American people arrives in Miami.

This holly has been raised in the cool moist climate of Clatsop County, Oregon. For best display, treat as cut flowers. Cut or mash end of sprays to break moisture seal, and place in water. Holly will shrivel and curl as it dries out in warm rooms. It will also turn dark if allowed to freeze.

This is a project of the Astoria Kiwanis Club, with proceeds going for various youth and civic projects.

We are interested in knowing the condition of the holly when you receive it. We have attempted to send it to you in the best possible condition. If you care to share your comments about the holly with us, they should be directed to us at the following address:

God Bless America, my home sweet home.*

TO THE PRESIDENT, SECRETARY, AND "ON TO ASTORIA" COMMITTEE:

There will be more things of interest at the District Convention than you can shake a stick at. We are assured that the International Exhibit will be present in all its glory, together with the District Exhibit, arranged by Harold Cornwallis Jones, the prize attendance banner won by the Northwest District at Atlanta, Salem's first prize attendance cup, and Vancouver's prize won in the Efficiency Contest. A large room will be secured in the High School Building for the Exhibit. If each club will bring its club banner along, it will add to the attractiveness of the Exhibit. So bring them along, fellows.

The OFFICIAL REPRESENTATIVE from KIWANIS INTERNATIONAL at the Convention will be George E. Snell, Third International Vice-President, Securities Building, Billings, Montana. Our fat, bald-headed, good-natured International Secretary, Fred C. W. Parker, will also be present with his smile that won't come off, and the hand clasp that makes tears come into your eyes. The indications are that we will also have with us International President Edmund F. Arras, of Columbus, Ohio. There will probably be other BIG GUNS, but don't let that keep you away. They will not be dangerous, for several of us know how to cock a cannon.

The Convention Hall will be the auditorium of the Astoria High School. If you are rich enough to possess a pair of binoculars, bring them along. If not, borrow a pair. The view from the High School is magnificent. The river at night with its myriad of twinkling lights on the fishing boats, is a thing of beauty and a joy forever. You can see the Forts at Columbia, Canby, and Stevens, Cape Disappointment and Canby Light, the mouth of the river and the Light Ship, and a large slice of the Pacific Ocean. The mountains are thrown in for good measure. That view alone will be worth the trip.

We are preparing our program of music throughout the convention, and want as many clubs represented as possible. If you are bringing rare musical talent, solos, duets, quartets, or other entertainment features (other than stunts), let us know so we can work them into the program. We will use all we can, and can all we can't use. But give us names, titles, etc., early, and we will do the best we can.

Early in August every secretary will receive regular registration blanks, sufficient in number to sign up all members who expect to attend the convention. A short questionnaire will be printed on these cards, and as they are returned to us with the \$5.00 registration fee, proper listings will be made here, and receipts sent back for each attending member to present when arriving in Astoria.

Be ready to say what sort of accommodations you want, that is to say, namely, to-wit: (1). Rooms in private homes (they are all good and you will be pleased with them). (2). Space in our Kiwanis Auto Camp Ground (the finest in the Northwest). (3). Bed in dormitory with about 30 other men. (4) Pullman sleeper (provided for all those purchasing Pullman tickets). Some have been asking for hotel reservations. We can give you rooms on the 8th floor of our fine new hotel now building, but they are unfurnished, and elevator is not in. However, some of you birds will be nearer heaven than you have ever been before, or may ever be. YOURS TILL THE COCK CROWS.

Buck,  
General Chairman.
